- *Giraffe trophies:* fresh processing, tanning and mounting of any part of Giraffe hides will only be offered in conjunction with processing a hunter's full order, i.e. if the client's remainder of other hunted species are submitted at Ingwe Wildlife Art cc for processing as well. Giraffe trophies that form part of larger orders where the remainder of the trophies are being processed at a different Namibian taxidermy will not be accepted.
Due to the nature of Giraffe skins being very delicate and prone to hairslip if not treated expertly, Giraffes not collected by IWA fresh after hunt and which have not been immediately fleshed down by our facility will not be accepted/taken in for any further processing, including dipping.
- All goods not claimed will be sold after 3 months from notification to cover costs.
- Strictly NO trophies will be accepted or processed without a valid hunting permit or gift letter. Please make sure that you have signed your hunting permit prior to your departure from Namibia. We do not take responsibility for incorrect/incomplete hunting permit trophy documentation received together with the raw hunting trophies. Incorrect data submitted and/or incomplete hunting permits are not only illegal but can also cause serious delays to the delivery of your trophies.
- Transport of finished trophies to the Namibian shipping agent who handles the export: Smaller trophy crates are delivered by Ingwe Wildlife Art cc to the shipping agents in Windhoek free of charge. Should the trophy crate be too large to fit onto one of our vehicles, the shippers will collect from IWA and may charge a fee for this.
- *Packing costs:* A charge of 15% on the trophy prices will be added to the invoice total, to provide for material and packing, with a standard packing charge of USD100.00 for all invoices less than USD700.00.
